

Primary student use of mobile phones and personal devices

Purpose

This policy provides direction to students, staff and families about managing mobile phones and other digital devices that students choose to bring to school. Digital devices include, but are not limited to, smartwatches, tablets or laptops that are not part of a separate Bring Your Own Device arrangement. This policy applies while students are at school, or attending an authorised school activity such as an excursion, during school hours.

Mobile phone use for primary school students

The department's position is that primary aged students cannot use their mobile phones and personal devices at school during school hours. The department and the school recognise that there are legitimate reasons for students to bring a mobile phone or personal device to school. This may include:

- to ensure their safety while travelling
- so that parents can contact them outside of school hours.

During the school day students are not permitted to access or use their mobile phones or other personal devices. Students must switch off or mute their devices before storing them at the beginning of the school day. They will not be able to access their device until the end of the school day.

Storage of personal devices

Devices need to be handed in to the class teacher on arrival of the school day. Devices will be locked in a secure location, within the classroom and can be collected at the end of the school day.

If the student does not comply

In the first instance of non-compliance, students found with their mobile phones in their possession will be reminded of the policy, have their phone placed in the secure location and their parents will be notified. Subsequent instances of non-compliance with the policy, will link / connect to the Playford Primary School

Behaviour Management Policy; eg misuse of personal devices may result in disciplinary action which includes but is not limited to loss of play time or suspension from school.

Unless a written and approved exemption is in place, the mobile phone will be confiscated and held in the secure location until the conclusion of the school day or alternatively, can be collected by their parent / caregiver before the conclusion of the school day.
